THE HARDOON BELLLIOS CARE. Judgment was given in connection with the application for leave to appeal to the Privy Council against the decison of the full court on Feormary 28th, when an appeal brought by E.-A. The Chief Justice, in delivering judgment said that as far as he could see the amount was not of the appealable value and the court had ne power to grant leave to appeal. He regretted that it was so. He should have been glad f the conclusion had been the other way, cause, as he had said stready, there was an important question involved, and he thought it might very well have gone before the Privy Council for decision. If the court had had power to grant leave to appeal on the ground of the importance of the question raised, they would have granted it; but they had no such power. They had, therefore, come to the conclusion that they had no power to, grant this leave to appeal, and the decree nisi must be discharged.

The Puisne Judge concurred. Mr. Pollock suggested that it was a reason. able thing for them to apply to the court for tenve to appeal, and that in consequence each side should pay its own costs. The court agreed with this.

Poking, 15th March. At a meeting of the Grand Council early this morning before the Empress Dowager the subject of the demand of Italy for the cossion of Shamen (Sanmin Bay) was discussed with great snimation. The Empress Downger showed such determined opposition to the demand that not a single Grand Councillor dared to propose even some sort of a compromise to the question.
